Final Note by the Third Member of Council.

Subject:-

Construction of an out-patients' Dispensary in the Minto Ophthalmic Hospital.

Pages 6 to 8 + office Notes

The sanction of His Highness was obtained in February last for the construction of an out-patients' Dispensary in the Minto Ophthalmic Hospital at a cost of about Rs.10,000/-, Government promissory notes for Rs.7,000/- offered by Mr.B.V.Krishniengar for founding a bed for in-patients in the hospital in the name of his wife being utilised with his approval for the purpose.

2. The Senior Surgeon who was asked to submit plans and estimates in consultation with the Chief Engineer submitted the same with his letter No.C.369-23 dated 1st March 1920 according to which the cost of the building is estimated at Rs.17,325/-. He also informed the Government in his letter that the donor had since consented to add another Rs.1,500/- to his original endowment and requested sanction for the construction of the dispensary, Government contributing the excess amount (i.e. Rs.8,825/-.) When sanction was about to be accorded to this proposal, it struck me that the real value of the Pro-Notes of the face value of Rs.7,000/- offered by Mr.Krishniengar might not exceed about Rs.4,130/- at present rates and that if to this was added the further contribution of Rs.1,500/- made by him, the total would come to about Rs.5,630/- which falls short of a moiety of the estimated cost of the building by over Rs.3,000. It was therefore deemed inadvisable to name the building after Mr.Krishniengar's wife unless he was willing to contribute a further sum to make up the deficit.

B and its enclosure

3. The Senior Surgeon was accordingly asked on the suggestion of the Dewan to ascertain the views of Mr.Krishniengar as to whether he would be satisfied if a neatly dressed tablet was put up in the building, showing the name of the donor and the amount of donation given, unless he was prepared to make a further contribution so as to bring the total to a moiety of the estimated cost of the building.

4. In reply, the Senior Surgeon forwarded for the orders of Government copy of a communication received by him from Mr.Krishniengar stating among other things that he was willing to contribute another sum of Rs.1,500/- which would bring the total contribution to Rs.7,375 as per details in the margin and that, if Government so desired, he would make a further contribution of Rs.1,000/- to make up a moiety of the estimated cost of the building a year hence and requesting that the construction of the Out-Patients' Ward in the Minto Ophthalmic Hospital may be ordered on conditions similar to those in respect of the Out-Patients' Ward in the Victoria Hospital.

Rs.4,130 present value of Pro-Notes for Rs.7,000
Rs. 245 Accumulated interest on the above.
Rs.1,500 Contribution already promised.
Rs.1,500 Further contribution now promised.
Rs.7,375 Total.

5. In the circumstances explained above, I am of opinion that Mr.Krishniengar may be allowed to pay the balance of Rs.1,000/- a year hence as proposed; the building may be constructed and named after his wife; and a sum of Rs.8,950/- may be sanctioned as the State share of the contribution, provision being made for the same in the Public Works Budget.

6. I solicit His Highness' approval to the above proposals.

Department, Bangalore.

Sir,

With reference to your No.G.5506 dated the 14th Sept. 1918, I have the honour to report that Mr. B.V. Krishna Iyenga represented through the Superintendent, Minto Ophthalmic Hospital, his intention to make over to Government, Promissory Notes bearing interest at 3½% as a permanent endowment for a bed, in the said hospital, in the name of his wife for the benefit of brahmin lady patients undergoing treatment in the hospital, the cost of maintenance being met from the interest and any balance being credited to the Poor Fund of the institution.

It was suggested to Mr. Krishna Iyengar that a decent dispensary for out-patients could be constructed at a cost of Rs10,000 and if he would agree to add to his generous gift another two or three thousand rupees, the dispensary to be constructed could be named after his wife and the gift in that form would benefit all out-patients resorting to the hospital for treatment and would also make space in the main building now used up for the out-patients, available for a number of extra beds against his original proposal which would only benefit one brahmin patient at a time.

In reply Mr. Krishna Iyengar states that his endowment consists only of Government of India Pro-notes to the value of

Submitting for orders the question of the grant of endowment to the value of Rs. 1000/- offered by Mr. B. V. Krishna Iyengar for a bed in the Ward to ophthalmic Hospital, Bangalore, in the name of his wife B. V. Seethamma, with the Senior Surgeon's opinion.

of Rs7000/- and that he is not prepared to enhance the endowment and that if an out patients' dispensary could be constructed, he has no objection.

As the construction of an out patients' dispensary is more advantageous, I submit the matter for the orders of Government. Should the Government be pleased to grant the cash equivalent of the Pro-notes which the donor will transfer to them and also contribute any deficit to make up the amount to about Rs10,000, a decent building could be constructed and named after the donor's wife. B.V. Seethamma's endowment as was ordered in the case of the endowment by Rajasabha Bhushana, Dewan Bahadur K.P. Puttanna Chetty C.I.E. (vide GO.No.1387-9/Med.13-16-9 dated the 17th August 1916)

Mr. Krishniengar's original endowment being only Rs.7000 worth Government of India Pro-notes, he was requested to reconsider the matter with a vew to enhance the amount to meet the cost of the proposed building. In his letter dated 6th February 1920, he has agreed to add another Rs.1500/- only and he requests that Government may be pleased to contribute the balance as they have done in the case of the out-patients' dispensary proposed for the Victoria Hospital.

The estimate cannot be reduced as the building is designed to be in keeping with the present Hospital. As the construction of the out-patients' dispensary will set free the portion now used as out-patients' department for the accommodation of more in-patients for which there is a growing demand and for which further expenditure should, otherwise, have been incurred by Government, I request that the proposal for constructing a separate out-patients' dispensary for the

Letter dated 4th May 1920, from Mr. B.V.Krishna Iyengar, to the Senior Surgeon, Mysore Goverment.

"In reply to your letter No.G.C.369-26(18-19), dated 29th April 1920, I have to state that I had thought that the question of my endowment had been settled once for all when Government had finally accepted my offer and intimated the same to me in their No.G.18327-Med.79-18-4, dated 24th February 1919. At that time the Pro-notes were selling better than the rate now quoted in your letter and a few hundred more rupees could have been realised than the sum of Rs.4,130/- mentioned in your letter. I believe one year's interest Rs.245, must have accumulated by now and this will make the amount go up to Rs.4,375/- I have already promised another cash contribution of Rs.1,500. To this I am prepared to add another cash payment of Rs.1,500, in other words, I shall pay up now a sum of Rs.3,000/- in cash, in addition to the Rs.7,000 Pro-notes already in the possession of Government. This will make my contribution equal to Rs.Rs.7,375 in cash, which is less than a moiety of the estimate by about Rs.1,000/- only. As I have no more money on hand just now, I request that Government may kindly be requested to accept this contribution and order the construction of the out-patients' dispensary on conditions similar to those in respect of the Victoria Hospital dispensary. Should Government insist on getting from me the remaining Rs.1,000/- also, to make up the moiety, I can pay it up only a year hence, if I be given that time.
I request that the matter may kindly be settled as early as possible
